

SEDALLO

Finest furnishing fabrics made in Italy

SEDALLO

Sergio Dall'Olio was born in a small, gracious Italian town near Bergamo. His father owned a textile mill, and Sergio spent much of his childhood observing and learning about the textile production process. After graduating in textile engineering, he began working in the family business and went on to excel in the furnishing fabrics industry, holding important positions at some of the most prestigious textile editors.

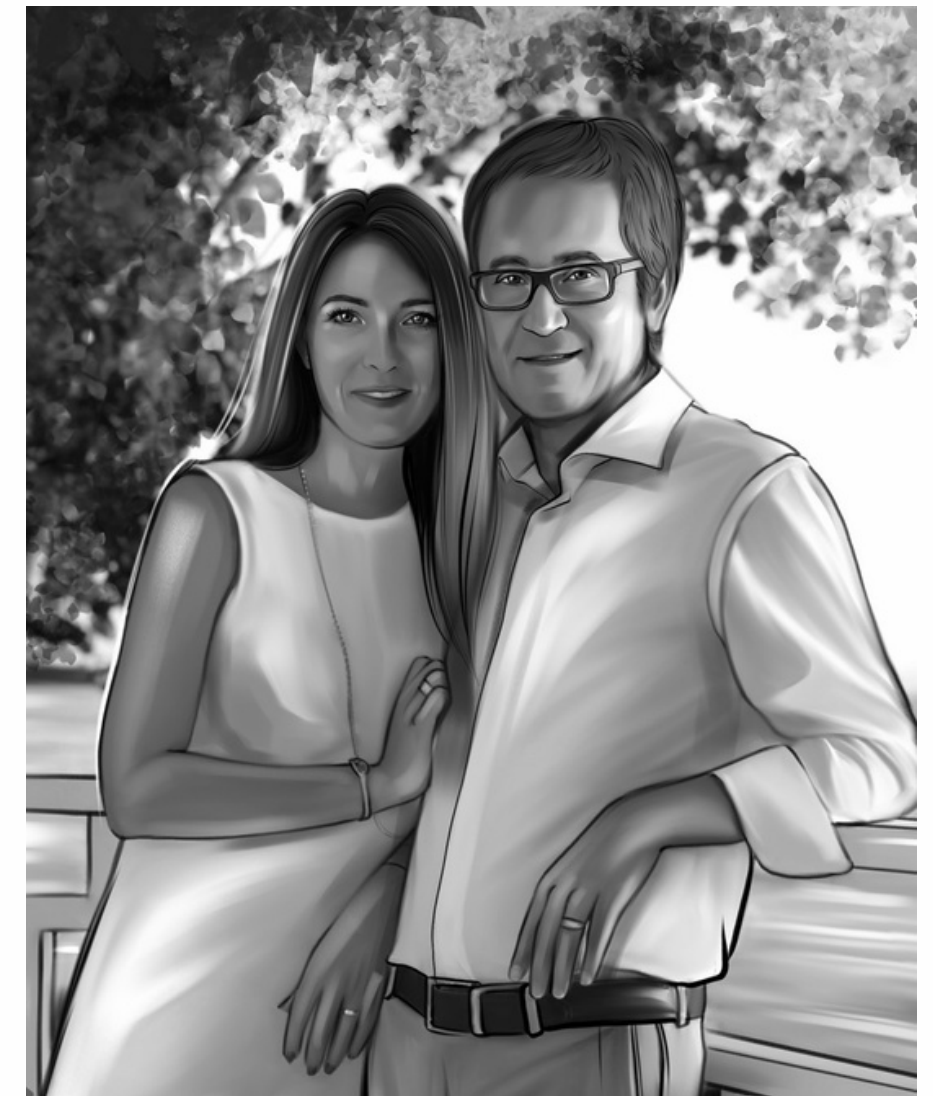

Having devoted his entire life to fabrics and being extremely knowledgeable and well-versed in textile for interiors, Sergio, together with Ekaterina, his wife, created his own company with strong values, purposes and contents.

Beauty is a manifestation of
secret natural laws, which
otherwise would have been
hidden from us forever

TEXTURE FABRICS

Woven fabrics with intricate effects created during the weaving process, giving a rich, textured feel; material that has a noticeable surface quality, which can be felt by touch and seen by sight. This texture can be achieved through various weaving techniques, fabric treatments, or the inherent properties of the fibers used. Our extensive selection can be used for upholstery, drapery, wall upholstered and throw pillows to add dimension and interest to a room.

VELVETS

Velvet is a luxurious and soft fabric characterized by its dense pile of evenly cut fibers that have a smooth nap. This nap, or pile, gives velvet its distinctive feel and appearance, creating a plush, soft texture and a lustrous sheen that changes with the angle of the light. Velvet is renowned for its smooth, plush texture, which is achieved through the short, dense pile of fibers standing upright on the fabric surface. In our collection we offer plain cotton velvet, jacquard cotton velvet, wool velvet, mohair velvet. We also offer a performance velvet that can be found in the outdoor session.
